## Spanish vibes from Finson

Finson and vocalist Abdi Baisa sing about betrayal on the new singel “Corazon”.

(Crete, Greece) 6. nov, 2015

Finson is out with the new singel «Corazon», this time in collab with vocalist Abdi Baisa. Release 5. nov, 2015, on own label Noisy Fingers. Available in all digital stores, and as a free download on Soundcloud.

Finson moved to Athens, Greece, in January 2015, leaving his job in Norway behind, fully committing to working on his own music. Pre summer, he released the chillout EP «Going South», followed by the upbeat single «Trouble», and now the single «Corazon» featuring Abdi Baisa.

«Corazon» is an acoustic house-pop track. It has a steady drive, and its powerful brass section gives a spanish vibe. Abdi Baisa soulfully sings about his crying heart, a bad relesionship and forgiveness.
